At the same time that each such report is filed, copies thereof shall also be filed with the Mayor, the Planning Board, the Building Inspector and Township Attorney.

At intervals of not greater than twelve (12) months, the Township Attorney shall examine the records of the Board of Adjustment and shall submit to said Board a written summary of his observations thereon, including any recommendations the he may deem advisable in order to assure full conformity with the requirements and limitations of this Ordinance pertaining to the jurisdiction and functions of said Board. Copies of such summary and recommendations shall be filed with the Mayor, Board of Commissioners, the Planning Board, and the Building Inspector.

Section 2. Powers and Duties. The Board of Adjustment shall have all the powers and duties prescribed by law (Chapter 291, Laws of H.J. 1975) and by this Ordinance, which are more particularly specified as follows, provided that none of the following provisions shall be deemed to limit any power of the said Board that is conferred by law.

1. Hear and decide requests for use and hardship variances.

2. Hear and decide requests for interpretation of the Zoning Map.

b. Hardship Variances. Where by reason of exceptional narrowness, shallowness or shape of a specific piece of property, or by reason of exceptional topographic conditions, or by reason of other extraordinary and exceptional physical situation or condition of such piece of property, the strict application of this Ordinance would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the owner of such property, the Board may authorize, upon an appeal relative to such property, a variance from such strict application so as to relieve such physical difficulties or hardship; provided, however, that no variance shall be granted under this paragraph to allow a structure or use in a district restrict against such structure or use.

c. Use Variances. The Board shall have the power to grant a variance to allow a structure or use in district restricted against such structure or use in particular cases and for special reasons, but only by affirmative vote of at least two-thirds of the full authorized membership of the Board.

d. Appeals. The Board shall have the power to hear and decide appeals where it is alleged by the appellant that there is error in any order, requirement, decision, or refusal made in the endorsement of this Ordinance.

e. Where an original application requires a use variance or variances on more than 1 lot for minimum lot area requirements, and the applicant also must obtain subdivision, site plan, and/or conditional use approval, the Board of Adjustment may grant such approval in conjunction with said use variance.

f. The Board of Adjustment may review, recommend, report on or decide matter referred to it by other administrative agencies as permitted or required by law.

Section 3. Authorization of Temporary Uses. The Board of Adjustment may, after due notice and public hearing, permit the temporary occupancy and use of a structure in any district for a purpose that does not conform with the regulations for that district. Such occupancy and use shall be subject to any reasonable conditions and safeguards which the Board may impose to minimize any injurious effect upon the neighborhood or to protect continuous property. Such approval and permit based thereon shall not be valid for more than twelve (12) months, but may be renewed not more than once for another period of (12) months.

Section 4. Authorization of Change from One Nonconforming Use to Another. The Board of Adjustment may, after due notice and public hearing permit a change from one nonconforming use to another, provided that the new nonconforming use shall be of substantially the same character and shall have the same or less nuisance characteristics as the previous nonconforming use and shall conform to all other provisions of this Ordinance for nonconforming uses.

Section 5. Action by Board of Adjustment, Conditions of Grant. In any case where the Board of Adjustment is empowered to approve a special exception or authorize a variance, said Board may impose such conditions or restrictions as are deemed necessary in the specific case in order to minimize the effects of the use, exception, or variance upon other property in the neighborhood; assure a harmonious arrangement of uses; or implement the intent and purpose of this Ordinance. Any such conditions or restrictions shall become a part of any building permit or certificate of occupancy thereafter issued for the premises involved; special conditions or limitations may include, but are not limited to any of the following:

1. The location of principal and accessory buildings.

2. The limitation of signs or advertising devices including number size, location and type of illumination.

3. The limitation of amount, location, intensity and direction of exterior illumination.

11. Control or elimination of smoke, dust, gas, noise, vibration, odor, or fire or health hazards, or any other deleterious effects of a land use on the environment.

12. As a condition for any approval the Board of Adjustment shall require that no taxes or assessments for local improvements are due or delinquent on the property for which any application is made.

13. Other conditions found by the Board to be necessary which may include traffic studies, environmental impact or other technical studies by qualified professionals at the expense of the applicant.

Compliance with conditions imposed upon granting application. Whenever the Board of Adjustment, in passing upon an application, imposes conditions upon the granting for said application, unless a specific time is fixed by the Board of Adjustment within which the conditions must be complied with, then such conditions must be complied with within (60) days after the date of granting of said application. If such conditions are not so complied with, then the granting of said application shall become null and void and all records of said application shall be endorsed to indicate that said application was denied by the Board of Adjustment. After said application becomes null and void, it shall be the duty of the Building Inspector to examine the premises in question to ascertain whether there may be violations of this Ordinance. of an administrative officer or (2) the submission of a complete application for development to the Board of Adjustment. Upon failure to do so, such appeal at the expiration of such time shall, or within further time as may be consented to by the applicant, be deemed to be decided favorably to the appellant as though the board has rendered a decision to that effect.

4. Unless work is commenced and diligently prosecuted within six months of the date of the granting of a variance or conditional use, such a variance or conditional use shall become null and void.

5. Each appeal and application to the Board of Adjustment shall be made by the owner of the property affected, in writing on forms prescribed by the Board, and shall be accompanied by the fee of \$25.00.

6. Every decision of the Board of Adjustment shall be recorded in accordance with standard forms adopted by the Board, and shall set forth the circumstances of the case and shall contain a record of the findings on which the decision is based. Every decision of the Board of Adjustment shall be by resolution and each such resolution shall be filed with the Township Clerk by case number, together with all documents pertaining thereto.

7. In those cases where the Board of Adjustment has jurisdiction over the conditional use permit pursuant to Section 40:55b-76b of the Revised Statutes, said Board shall render its decision after receiving the Planning Board's review and recommendation within 120 days after the date that the applicant has submitted a complete development plan to the Secretary of the Board of Adjustment.

All provisions of this Ordinance relating to the Board of Adjustment shall be strictly construed; the Board as a body of limited jurisdiction, shall act in full conformity with all provisions of law and of this Ordinance and in strict compliance with all limitations contained therein.

Section 7. Appeals. Appeals to the Board of Adjustment may be taken by any person aggrieved, or by his agent, or by an officer, board, department or bureau of North Bergen affected by any decision of the Building Inspector. Such appeal shall be taken within 65 days by filing a notice of appeal with the officer from whom the appeal is taken specifying the grounds of such appeal. The officer from whom the appeal is taken shall forthwith transmit to the Board of Adjustment all the papers constituting the record upon which the appeal is taken.

An application for a use permit or for any other permit for which approval by the Board of Adjustment is required under the terms of this Ordinance may be made by the owner of the property involved, or by a lessee thereof, or by a person, firm or corporation under bona fide contract to purchase the same. All appeals shall be in writing on forms prescribed by the Board of Adjustment. Every appeal shall refer to the specific provision of the Ordinance that is involved, and shall fully set forth the circumstances of the case, and the interpretation that is claimed on an allegation of error, the variance that is applied for and the ground on which it is claimed that the same should be granted, or the special use for which the permit is sought, or any other such information that the rules of the Board may require.

An appeal stays all proceedings in furtherance of the action in respect of which the decision appealed from was made, unless the officer from whose action the appeal is taken certifies to the Board of Adjustment, after the notice of appeal shall have been filed with him, that by reason of the facts stated in the certificate, a stay in his opinion would cause peril to life and property. In such case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the Board of Adjustment or by the Superior Court on application on notice to the officer from whom the appeal is taken and on due cause shown.

The Board shall render a decision not later than 120 days after the date (1) an appeal is taken from the decision of the administrative officer or (2) the submission of a complete application for development to the Board of Adjustment. Upon failure to do so, such appeal at the expiration of such time shall be deemed to be decided favorably to the appellant as though the Board has rendered a decision to that effect. Said applicant or appellant shall at least ten (10) days prior to the time appointed for said hearing give notice to all owners of property situated within or without North Bergen and within two hundred (200) feet of the property to be affected by said appeal. Such notice shall be given either by registered mail or by being served personally at their usual place of abode, if said owners are the occupants of the property affected by such appeal.

Township of North Bergen, in the County of Hudson, New Jersey

Upon the written request of the applicant, the Tax Assessor shall within 7 days, make and certify a list of names and addresses of property owners to whom the applicant is required to give notice. A fee of \$10 is to be paid for this service.

Section 8. Conditional Use issued by Planning Board. The Planning Board shall have the power to grant or deny conditional uses, on a case by case basis after making findings that each such conditional use, although not permitted by right, would be appropriate or inappropriate in the requested location. The Planning Board's review shall consider the compatibility of land uses, the impact of the conditional use on the physical, social and esthetic environment, traffic generation, compatibility with Township's master plan and any other relevant factors.

The Planning Board shall grant or deny an application for a conditional use within 35 days of submission of a complete application by a developer to the Building Inspector, or within such further time as may be consented to by the applicant. Failure of the Planning Board to act within the period prescribed shall constitute approval of the application and a certificate of the Building Inspector as to the failure of the Planning Board to act and shall be issued on request of the applicant.

Whenever review or approval of the application by the County Planning Board is required, the North Bergen Planning Board shall condition any approval upon timely receipt of a favorable report from the County Planning Board or approval by the County Planning Board by its failure to report thereon within the required time period. Whenever said owners are residents of North Bergen such notice may be given by sending written notice thereof by registered mail to the last known address of the property owner or owners, as shown by the most recent tax lists of the Township. Where the owner is a partnership, service upon any partner as above provided shall be sufficient, and where owners are corporations, service upon any officers, as above provided shall be sufficient. The applicant shall by affidavit present satisfactory proof to the Board of Adjustment at the time of the hearing that said notices have been duly served as aforesaid. Upon the hearing any party may appear in person, by agent or by attorney.

Expiration of Resolution. Unless otherwise specified by the Board of Adjustment, a decision or any appeal or request for a variance or use permit shall expire without notice of the applicant fails to obtain any necessary permit from the Building Inspector, or comply with the conditions of said authorized permit because of the occurrence of conditions unforeseen at the time of the original action. Any application for extension shall be subject to the same procedure as specified in this Article for the original issuance of the variance or use permit.

Delay of Decision. Whenever an appeal shall be taken to the Board of Adjustment pursuant to this Article, said Board shall render a decision not later than 120 days after the date (1) an appeal is taken for the decision of an administrative officer or (2) the submission of a complete application for development to the Board of Adjustment. Upon failure to do so, such appeal at the expiration of such time shall be deemed to be decided favorably to the appellant as though the Board has rendered a decision to that effect.

Repeated Hearing. Whenever the Board of Adjustment, after hearing all evidence presented upon an application or appeal, under the provisions of this Ordinance, denies the same, or refuses to recommend to the Board of Commissioners, said Board shall refuse to hold further hearings on the said or substantially similar application or appeal by the same applicant successor, or assignee, for a period of six (6) months. If the Board determines from the information supplied with a request for a rehearing, that changed conditions have occurred relating to the promotion of the public health, safety, convenience, comfort, prosperity and general welfare, the appeal or application may be considered within said period.

Notification of Planning Board. The Board of Adjustment shall transmit to the Planning Board a copy of every appeal or application made to the Board, and shall also notify the Planning Board of the date of the hearing thereon. If prior to the hearing, the Planning Board submits to the Board of Adjustment a recommendation for a use permit be denied, or that specified conditions be prescribed in connection with a particular variance, the Board of Adjustment shall not act contrary to such recommendation except by majority vote.

Section 9. Duties of Administrative Official, Board of Adjustment, Board of Commissioners and Courts on Matters of Appeal. It is the intent of this Ordinance that all questions of interpretation and enforcement shall first be presented to the Building Inspector (the administrative official) and that such questions shall be presented to the Board of Adjustment only on appeal from the decision of such administrative official, and that recourse from the decision of the Board of Adjustment shall be to the courts as provided by law. It is further the intent to this Ordinance that the duties of the Board of Commissioners in connection with this Ordinance shall not include hearing and deciding questions of interpretation and enforcement that may arise. The procedure for deciding such questions shall be as stated in this section and elsewhere in this Ordinance. Under this Ordinance, the Board of Commissioners shall have only the duties of:

- a. Considering and adopting or rejecting proposed amendments or the repeal of this Ordinance as provided by law.
- b. Establishing a schedule of fees and charges as stated elsewhere in this chapter.
- c. Acting on use variances after approval by the Board of Adjustment.
